

Adobe InDesign TRANSLATION SERVICES

TEXT TRANSLATION / LOCALIZATION

InDesign document text content is professionally translated into virtually any language. Translators are native speaking in the target language. Proofreading by a second translator is included.

GRAPHICS TRANSLATION / LOCALIZATION

Text as part of embedded graphics (drawings, captions, illustrations, etc.) is also translated and graphics files are recreated in the target language.

INDESIGN MULTILINGUAL FORMATTING

Multilingual InDesign desktop publishing (DTP) services are performed using the translated text to produce professionally formatted documents in virtually any language.

REQUEST A QUOTE

To request a quote for services send us the PDF export file(s). Translation fees are calculated based on the number of words. InDesign formatting pricing is calculated according to the number of pages.
